If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

Miss Anna Belle Fox left this morning on the 6:15 train for Cleveland and Lorain, O.

Last evening about 6 o'clock a most glorious rain fell in this city, and it had the appearance of covering a wide scope of country.

Mr. William Stepleton, who has been in the employ of the Lee Line of boats on the Mississippi, has returned with his family to Aberdeen.

Mr. Evan Evans of Cincinnati was here yesterday looking over the specifications and drawings of the contemplated sewerage system of the East End, with a view of putting in a bid for same.

Called meeting tonight at 7:30 of Branch No. 81, U. B. of L. W. on H. G. Business of importance. All Brothers requested to be present. WILLIAM TOLLE, President.

Joseph Brown, R. S.

Neither aged nor youth is exempt from eye trouble and defective vision. If there is any suspicion of trouble with your eyes we'll examine them free and furnish the right glasses at the right price.

MURPHY, the Jeweler and Optician.

The pilot and engineer of the city's new street rolling machine will have to be very careful and keep his weather eye constantly on the lookout for horses attached to vehicles or there will be a number of runaways and smashups—even blind horses shy at its approach. It will take sometime before they become accustomed to the big monster.

Mr. John Hornback of Forest avenue, while at work on the C. and O. culvert above the city yesterday afternoon, received some very painful injuries. He was engaged at the base of the structure when a box of wedges fell from the track above. One of the pieces struck him on the head, making a painful scalp wound, and he was otherwise severely bruised. He was removed to the office of Dr. J. D. Davis where he was given surgical attention.

W. R. Harris, colored, formerly of this city, better known to our citizens as William Gard, who is now serving a life sentence in the Ohio Penitentiary for murder from Clark county, O., has grown so fat on Penitentiary rations that he can no longer get through the door of a cell. The large cage built for unruly prisoners was assigned to him for sleeping quarters. He weighed 350 pounds when he went to the Penitentiary in May, 1903, and now weighs 435 pounds. Before his crime he was chef of the Miller House, Springfield, O., and is now head cook at the Penitentiary.

PHILIP FRIEND.

Mr. Philip Friend, one of Mason county's highly respected German citizens, died yesterday morning at 11 o'clock at his home on the Fleming pike, two miles from the city.

He had only been sick five days, his ailment being stomach trouble.

Mr. Friend was born at Rheinfaltz, Kallstadt, Germany, in 1832. For many years of his useful life he has resided on his farm near this city.

He leaves a widow and four children to mourn his death—Mrs. Martin Concannon and Mr. Louis Friend of Cincinnati and Mrs. George H. Dinger and Mr. Charles Friend of this city.

The deceased was a faithful member of the German Lutheran Church and the German Relief Society. The latter will have charge of the funeral ceremonies.

The funeral sermon will be preached by Rev. R. J. Graetz tomorrow morning at 9 o'clock in the German Church in West Second street, after which the remains will be taken to Ripley, O., for interment.

FUNERAL NOTICE.

All members of the German Relief Society are requested to meet at the German Church tomorrow morning at 8 o'clock sharp to attend the funeral of Brother Philip Friend.

GEORGE SCHATZMAN, President.
Henry Dersch, Secretary.

DECIDED SUCCESS

Was John Duley's First Combination Sale of City Property

Mr. John Duley, Maysville's wide-awake Dealer in Dirt, has inaugurated a system of "combination sales" of real estate, the first of which took place yesterday afternoon, resulting in a most satisfactory way.

Of ten properties offered, four were sold as follows:

McDonough farm of 48 acres on Blue Run pike, \$752.50; sold to Allie Mcatee.
Gibson house, No. 113 West Fourth street, \$907.50; William T. Berry.
Blatterman house, West Fourth street, \$2,150; withdrawn.
Wormald house, Third and Wall streets, with stable and 72 feet on Third, \$1,300; withdrawn.
Lot 50 feet front on Second below Shultz, running that width through to Third, \$1,000; Harry B. Owens and Thomas A. Davis.
Riley house, West Second street, \$2,200; withdrawn.
Two lots and a fraction, 77 feet on East Second street, next to Mitchell's Chapel, \$450; withdrawn.
Hanan property, East Second street, 100 feet front, running to low water mark, \$1,300; James R. Roberson.
Two-story residence, and two lots in Clifton, \$975; withdrawn.
Suburban home of Mrs. Henry Isgrig, with 26 acres, \$3,000; withdrawn.

The sale will be continued this afternoon, beginning with Professor Swift's residence in the Sixth Ward at 2 o'clock, followed by Mrs. Robert T. Wilson's home, some vacant lots on the car line in the Sixth Ward, the White property in Second near Market and the Harry Taylor property in Second opposite Court street.

A special streetcar will carry passengers to and from these sales.

IMPROVED HIGHWAYS

Steam Roller Promises a Revolution in Street Work

The steam street roller is a monster in size and power, and that it will accomplish what the builders claim for it, there is little doubt.

Yesterday a thorough test of its ability to climb heavy grades was made and the Market street fill was ascended with comparative ease. The machine was then taken over a route beginning at Market and passing West over Fourth street to the spring on the Lexington pike, thence North to Third street and going East on Third to Limestone.

The journey was made in comparatively short time and to the satisfaction of those in charge. Its power of crushing and pressing broken rock and making a smooth roadway was amply demonstrated in Fourth street, where a fresh coating had been placed for the purpose.

Some of the iron street crossings are too light for its passage—as was the case with one at the Postoffice corner. These defects can be remedied.

We believe the city has made a good investment and under proper management it will not be long before our streets will have a metropolitan appearance.

So far the test has been in the machine's favor.

DASTARDLY OUTRAGE

Rock Thrower Injures Passenger on C. and O. Railway

Mr. John J. Phillip, a very popular traveling man, while en route to this city Tuesday night on the Fast Flyer, and when about six miles this side of Newport was struck in the eye by a rock thrown through the window.

Mr. Phillip was sitting in the smoking car at the time.

He is now in Flemingsburg at the home of his brother-in-law, Hon. J. P. McCartney.

He is suffering intense pain and the result of the injury cannot be determined at this time. These outrages are becoming quite prevalent here of late, and it behooves the local officials to use their utmost efforts to capture the wanton desperadoes and see that they are severely punished.

Some good farms yet for sale. JOHN DULEY.

Rev. J. S. Sims, Rev. J. O. A. Vaught and Rev. Dr. J. W. Porter, formerly of this city, will preach at Bethel Grove Campmeeting, which begins today near Covington.

Bassler the weather man is asking bids of the carpenters of this city for the construction of the river gage to be built here. See Captain Phister and he will tell you all about it.

For August, Collector Samuel J. Roberts has assigned Storekeepers H. G. Holiday and Frank Harting and Gauger L. M. Gaffin to the H. E. Pogue Distillery; William F. Schooler Storekeeper-Gauger at Poyntz Bros., and Storekeeper-Gauger W. C. Slye to J. H. Rogers & Co.

Mr. and Mrs. E. L. Manchester will leave next week for an extended Eastern trip. From here they go to Atlantic City; thence to New York, where they take passage on the steamer Puritan and sail down the Sound to Fall River, Mass.; thence to South Westport, where they will visit their parents, Mr. and Mrs. Jabez Manchester; thence to Boston, Philadelphia and other points.

"There Isn't One Really Good Printer in Five Hundred."

Printers' Ink—the leading journal on publicity of all kinds—has the following to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent advertisers are willing to pay for good printing, no matter where it comes from."

Printers' Ink knows what it is talking about. Poor printing is a bad investment—it's worse than a blank. A business man's stationery or booklet is like a traveling man—if it's neat, well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good.

We realize this. We keep abreast of the times. We know what good printing is and produce it. We are pretty careful not to let a hum job get onto our presses. No press in the country can better our printing and we want you to know it.

HAVE THE DAVIS PRINTING HOUSE PRINT IT.

Mrs. Harris, mother of Mrs. Charles Cooper of West Second street, has been quite ill several days at her home at Germantown.

Mrs. Ann Osborne, now at Millersburg, is thought to be somewhat better and her family hope to be able to move her soon to the old home place in this county.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THE Maysville business man who spends his money with Maysville workmen simply puts that money into the hands of the people who will soon spend it with him again. Did this ever occur to you?

W. H. HART, a well known lumber mill man, claims to have found a giant sequoia measuring 36 feet in diameter and 100 feet around the base. This is said to be the largest tree on earth. HART says the tree is in Eshom Valley, Tulare county, Cal., in a secluded gulch near one of the mills. The mammoth, he figures, is 400 feet in height.

THE Chattanooga Times says the general public, outside the Democratic party in Kentucky, continue to feel that CALEB POWERS is a victim of political animosity and not of justice. The public may be wrong, but neither Colonel WATTERSON nor the Attorney whose brief McClure's refused to print have been able to shake the firmly fixed conviction that a great wrong has been done this unfortunate man.

THE Goebelites attempt to belittle the speech of Hon. CALEB POWERS in his own defense, and criticize those who pronounced it unanswerable; and yet they want everybody to accept as true, and as conclusive of Powers's guilt, the statement written by "Judge" LEWIS McQUOWN, Chairman of the Democratic State Central Committee, and one of the Attorneys hired by the Goebels to "convict" Mr. POWERS and others—at \$5,000 per convict.

THE heart of a vegetarian beats on an average of fifty-eight to the minute; that of the meat eater seventy-five. This represents a difference of 24,000 beats in twenty-four hours.—Medical Journal.

The which of which proves that the vegetarians are a slow going set.

A DISPATCH from Fort Worth, Texas, states that the strike situation at the packing plants there is quiet, the strikers making no effort to molest new men applying for jobs. Employees now pass freely from the plants. The reason assigned for this pleasing condition is that the packers have in their employ two squads of old-time ranger cowboys from the plains who are not accustomed to being molested.

At the recent session of the Grand Lodge, the "grip" was done away with as a part of the Elks Ritual; and now if some means can be devised by which official badges will in future escape the grip of "bums," it will be a good thing for the Order. During the recent meet in Cincinnati there were hundreds of dead-beats parading the streets and infesting the various headquarters wearing Elk badges who had never seen the inside of an Elk Lodgeroom. And these are largely the fellows who discredit gatherings of this sort.

UNDER the caption, "The Democrats and Their New Leader," The New York Herald is out in a lengthy editorial in support of Judge ALTON B. PARKER's candidacy for the Presidency. The Herald gives as ground for its new faith the message of Judge PARKER declaring for gold money and a general disapproval of President ROOSEVELT as an Executive, while endorsing him most warmly as man and citizen. The Herald's text is, "Judge PARKER's telegram declaring himself for sound money has made such an impression that he may save the Democratic party in spite of itself." But it must not be forgotten that The Herald is a very uncertain quantity in politics, and its predictions, like results in Kentucky, are generally contrary to the popular verdict.

ECONOMICAL PARIS GREEN.

Our kind of Paris Green would be economical at double the ordinary price because it is about double the ordinary strength and kills every tobacco worm that touches it. However,

It Costs the Same

as any old common kind. We pay enough to get the best Paris Green, and have handled this same brand for years, so that we know just what it does. There isn't as much profit for the druggist in our kind as there is in the ordinary grade, but there's a lot more profit in it for the tobacco grower. Better use our Paris Green this year

We have some premium lists of the Ripley (Ohio) Fair, and parties needing such can have one by calling at this office. This Fair will be held this year August 9th, 10th, 11th and 12th, and among the special attractions are the famous Diving Elks and "Trixie," the smartest horse in the world.

A GREAT TRUTH.

How it Has Spread from Home to Home in Maysville

In every part of Maysville; in the homes of the wealthy; in the humble abode of the man of toil, 'tis now a well-known fact—a great truth—that Doan's Kidney Pills have brought more comfort to backache sufferers and cured more sick kidneys than any medicine of modern times. Mrs. M. C. Chisholm of 343 East Second says:

"Mr. Chisholm speaks in high terms of Doan's Kidney Pills. He procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and their use proved them to be an effective kidney remedy. I have heard others express their appreciation of Doan's Kidney Pills. A medicine which cures kidney trouble is a most desirable one of which to know."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

JUNE GAYLE

Said to Be Slated for Democratic
Member of Election Commission

June Gayle of Owenton will be named as Election Commissioner of Kentucky by Governor Beckham. This is regarded as an absolute certainty by Kentucky Democratic politicians on the inside of the movements of the Commonwealth.

According to the law, the Democratic State Committee on Tuesday named to Governor Beckham four persons as candidates for the position, which is now held by Charles R. Poyntz of this city, the four named being Poyntz, Gayle, Jack Collier of Louisville and Ben N. Smith of Somerset.

Poyntz is out of it, it is said, because he supported Hon. James N. Kehoe, the anti-administration candidate for Chairman of the State Committee. McQuown, the Administration man, won the contest, and Poyntz's hand will fall in consequence.

Gayle was named for the place by Judge Lassing of Boone county. He is well known in Kentucky Democratic politics.

River News

Gage 5.9 and falling.

The Bonanza was the Pomeroy boat last night.

There are sixty tons of mussel shells on the bank near Owensboro awaiting shipment.

The Keystone State will be up tonight, getting its near Pittsburgh as the low stage will permit.

The Douglas Hall passed up from Louisville for Pomeroy with a miscellaneous tow of empties and cinders.

The Queen City on her last trip up stopped at Marietta, where the freight and passengers were reshipped to Pittsburgh.

The Alice Brown, one of the big towboats of the combine from the lower rivers, will undergo repairs while laid up at Cincinnati during the low-water season.

The Lee Line of boats from Cincinnati to Memphis will suspend operations temporarily after Saturday because of low water in the Louisville Canal and at ports below Louisville.

The Monongahela and Allegheny rivers continue to fall and the water in the Pittsburgh harbor is reaching an unusually low stage. Before the end of the present week navigation at Pittsburgh with down-river points will have been completely suspended unless an unexpected rise comes. The big packets from Cincinnati are compelled to tie up at Rochester, being unable to pick their way to Davis Island dam.

The Monongahela River Consolidated Coal and Coke Company will make extensive changes in working forces in most of its river departments in the near future, according to rumor from headquarters. In order to reorganize boat crews, the big towboats of the combine are being tied up. Many rivermen, carpenters and machinists have been paid off, pending a readjustment of the departments. It is estimated over 500 employees of the company have already been let go.

The Lucie Marmet is laid up at Cincinnati for repair. She has a cracked cylinder, which will be replaced by H. F. Frisbie.

Captain J. A. Henderson of the Pittsburgh and Cincinnati Packet Line denies a plan is on foot to build a new boat for the trade.

A party of about 20 Christian Church people will leave this evening to attend the meeting at the Washington Church. The wagon will start in front of the Christian Church promptly at 6:30 o'clock.

YOU SHOULD SEE THEM

The Handsomest Calendars Ever
Shown in This City

The business man who spends his money in Mayville, simply puts that money into the hands of people who will in turn spend it with him again.

Did you ever think of that?

The business man who spends his money for printing in Louisville, or Cincinnati, or Chicago, or New York, puts that money into the hands of people who never did, nor ever will, spend a dollar in his store.

Did you ever think of that?

Now, in order that a good deal of this money may be kept at home, and spent by home workmen and home employers with home merchants, The Ledger Printery has secured the handsomest line of Calendars ever seen in this city, with a price limit to suit every need.

Mr. Richard L. Miles, The Ledger Printery's expert printer, will call on you in a few days, dazzle your eyes with the beauties and tickle your bank account with the prices.

WYANDOTTE TRIBE, I. O. O. F.

Regular Council of Wyandotte Tribe No. 3 this evening at 7:30. Chiefs will please take notice and attend same.

Notice

The Board of Council of the City of Mayville passed an ordinance on the 10th day of July, 1904, authorizing me to advertise for sealed bids for the construction of a sewer, beginning at Wood street in the Sixth Ward of the city of Mayville, and extending West from Wood street along the North side of the Chesapeake and Ohio Railroad to Hill alley; thence West along Hill alley to Commerce street; thence North along and through Commerce street to low water mark at the Ohio river; the work to be done according to the plans and specifications of the City Engineer. The plans and specifications will be on file in the Mayor's office, open to the inspection of all persons desiring to make bids for the construction of the sewer. The contractor is required to give bond and security that he will faithfully construct the sewer according to the plans and specifications of the City Engineer. The Board of Council reserves the right to accept the bid which in their judgment will be the best interest of the city, or to reject any and all bids. All persons desiring to make bids on the construction of the sewer must deliver their bids, sealed up, by 8 o'clock p.m. Monday, August 1st, 1904.

WILLIAM E. STALLCUP,

The Ebersole Piano

From an artist's standpoint is

THE IDEAL UPRIGHT!

Its tone sings with pulsating beauty. Its action responds easily, quickly and reliably to the slightest touch. Each scale is specially drawn, and is musically and scientifically correct. Materials used in its construction are selected at great expense from the world's finest products.

WHAT MORE CAN BE DESIRED IN A PIANO?

Ebersoles have a marvellous value for the world over. The recognized price is \$350 to \$450, owing to style. We are showing a full assortment at Messrs. John I. Walter & Co.'s store, Mayville, Ky. We also show a full line of cheaper pianos. We will take in exchange old organs and old pianos. Your credit is good with us.

The SMITH & NIXON PIANO CO.

WHY PAY EXORBITANT PRICES FOR YOUR PLUMBING?

We will do it for you at legitimate prices and as near correct as science has developed the art. We do house heating that is successful; no exp. plumbing. Good work, proven by time and successful operation, is our recommendation.

Care of the Teeth

Usually the cause of poor teeth can be traced to insufficient attention to the removal of food particles from between them. These particles ferment and become a medium for bacteria, which form lactic acid, which attacks the enamel and causes decay. The only remedy for this is to keep the teeth clean, and for this there are no preparations so effective as our

The State College of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree.

Post graduate studies are provided, leading to a Master's Degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty professors and instructors. County appointees receive tuition, room rent in dormitories, food and light, and if they remain ten months traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. The Legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and cadet corps are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750. Specialists with the necessary number of assistants have charge of each department of natural sciences. Summer schools are provided for pedagogy, engineering and instruction in science. The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work. The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath-rooms and room for physical culture. It is heated by steam and lighted by electricity. An opportunity is thus afforded to them of a thorough education in classical, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the state offers advantages for education of women at all comparable to those offered by the State College of Kentucky. For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission apply to JAMES K. PATTERSON, Ph.D., LL.D., or to D. C. Frazer, Business Agent, Lexington, Ky. Fall term begins September 5th, 1904.

Correspondence

SARDIS.

On last Saturday the Sunday-schools of the Christian Church and the M. E. Church had an outing in the beautiful woods near Peel's Pond. The day was perfect, and a most enjoyable time was had. Rev. Crane was master of ceremonies and proved himself to be the right man in the right place. Elder T. P. Degman was on hand, and in a fifteen minute speech put the whole picnic in a roar of laughter. The Elder has a fund of rich anecdotes which he tells on such occasions to the entire satisfaction of all.

Misses Nellie and Nancy Clark will leave Sunday for a week's visit to friends and relatives in Cincinnati.

Frank Crawford, claiming Cincinnati as his home, and charged with horse stealing, cut his throat in jail at Augusta yesterday morning and may die. He used a dull, rusty knife.

Personal

Mr. H. G. Wells was at Georgetown Tuesday.

Mr. George Ort of Otway, O., was in the city yesterday.

Mrs. Mary Dulin of Helena is home from a visit to friends at Lexington.

Mr. John Boyer is visiting at the home of Mr. Daniel Pardon of Ripley.

Miss Pattie Quaintance is now the guest of Miss Edith Howe of Elizaville.

The expression, "kick the bucket," as synonymous with dying, is said to have originated in an English method of suicide. The intended would stand upon a bucket, put the noose about his neck and then kick the bucket from under him.

Representatives of the German Steel manufacturers in London, all of whom are members of the German Steel Trust, have agreed upon the opening of a sales agency in London, from which to control from there the steel trade of the world.

The fashionable precious stone is the peridot, its beautiful sage-green coloring being greatly favored by no less a personage than King Edward. It is said to go beautifully with diamonds or pearls.

It is a notable fact that cotton from Egyptian seed has not given good results in America, India and other continents, whereas the planting of that seed in Eastern and Western Africa has produced a staple of equal quality to the Egyptian cotton, which is noted for its silky softness.

Points of Difference Between the Packers and Striking Butcher Workmen.

WHAT STRIKERS DEMAND.

All strikers to be reinstated within ten days. If any men not reinstated in that period, cases to be immediately submitted to arbitration. All butchers and casing men to be reinstated within forty-eight hours after work resumes. No discrimination in selecting men as they go back to work. No outside men to be employed as long as there is a single striker who wants to go back to work.

WHAT PACKERS DEMAND.

Men to be taken back within forty-five days. Men not reinstated in that period to have the right to appeal to Arbitration Board. Right to select, as they please, those men who shall go back to work first. All strikers, including butchers and casing men, to be under the forty-five-day rule. To keep as many of the strike-breakers as they please.

POINTS ON WHICH BOTH SIDES AGREED.

That a Board of Arbitration be selected, consisting of one man chosen by the strikers and one by the packers, these two to select a third man, and all to have practical knowledge of the packing industry, to decide finally on the question of wages and working conditions. That the ruling of the Arbitration Board shall be written in a formal agreement covering all workers in all plants. That a contract covering wages shall be made with the laborers employed in all plants.
